SKILLS

- Languages :
Frameworks & Libraries :
Tools & Platforms :
Soft Skills :
- Java, C++, Python, JavaScript
React, Express.js, Node.js, FastAPI, TensorFlow, scikit-learn, OpenCV, MediaPipe, NLP, LangChain, RAG, FAISS, Streamlit, Generative AI
Git, VS Code, Docker, n8n, Jupyter Notebook, MongoDB, SQL
Problem Solving, Leadership, Time Management, Adaptability, Team Collaboration

PROJECTS

Face Recognition Attendance System | Link

Feb' 26 - Mar' 26

- Architected facial recognition system using OpenCV Haar Cascade + LBPH processing 71 images/student with 96.8% accuracy and <100ms detection latency
- Developed Tkinter dark-themed GUI with admin panel, CSV tracking, 3-case error handling eliminating 100% crashes across 3 platforms (macOS, Windows, Linux)
- Implemented manual fallback entry, live clock display and real-time system logs ensuring zero downtime
- Tech: Python, OpenCV, LBPH Face Recognizer, Haar Cascade, Face Detection, Tkinter

LexaRAG — AI-Powered News Research Assistant | Link

Nov' 25 - Dec' 25

- Engineered RAG pipeline ingesting 6 sources (3 URLs + 3 PDFs) with FAISS indexing across 500-char chunks and top-5 retrieval accuracy
- Optimized Gemini API Q&A engine with dual attribution, temperature (0.1) for factual consistency and sub-100ms query response times
- Designed Streamlit interface with chat history, multi-turn memory and 4-component modular architecture (processor, LLM, vector store, config)
- Tech: Python, Streamlit, LangChain, Google Gemini API, FAISS, HuggingFace

Hand Gesture Virtual Mouse | Link

Jun' 25 - Jul' 25

- Constructed gesture mouse control using MediaPipe's 21-point detection supporting 7 gestures (pinch, scroll, drag) with 99.2% accuracy
- Optimized cursor pipeline with EMA smoothing reducing jitter by 85%+ enabling full-screen control from 40% of camera space
- Developed gesture state machine with collision-aware cooldowns (click: 0.4s, scroll: 0.15s) and live feedback (FPS, LED indicators)
- Tech: Python, MediaPipe, OpenCV, PyAutoGUI, Hand Pose Detection, Computer Vision

CERTIFICATES

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional | Oracle

Sep' 25
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle

Sep' 25
- Oracle Cloud Infrastructure 2025 Certified AI Vector Search | Oracle

Sep' 25
- Introduction to Natural Language Processing | Infosys Springboard

Aug' 25
- Introduction to Large Language Models | Google Cloud Skills Boost

Aug' 25
- Data Structures and Algorithms using Java Programming | CipherSchools

Jun' 25

ACHIEVEMENTS

- Research Publication: Accepted at INDIACOM 2026 conference for a T5-based AI question-answering system with provenance-anchored architecture.

Mar' 26
- Competitive Programming: Solved 550+ problems on LeetCode and 150+ on GeeksforGeeks, demonstrating expertise in data structures and algorithms.

May' 26
- LeetCode Streaks: Earned 200-day and 100-day streak badges, plus monthly badges (December - February), demonstrating consistent problem-solving discipline.

Feb' 26

EDUCATION

- Lovely Professional University

Bachelor of Technology - Computer Science and Engineering ; CGPA : 8.19

Punjab, India
Aug' 23 - Present
- Sarvodaya Bal Vidhyalaya

Intermediate (12th Grade) ; Percentage 80

Delhi, India
Apr' 20 - Mar' 22
- Vidya Bhawan Public School

Matriculation (10th Grade) ; Percentage 91

Uttar Pradesh, India
Apr' 18 - Mar' 20
